

Many Returns

Mutual Benefit

The evening creeps in slowly
until there's nothing
I don't know what to do
I always come back to you
And it never can be easy
Believing something
when it seems far away

Working towards a distant day When you see the lie in front of you

It just takes time before it seems like truth

Believe the light inside of you

The world will dim it so it won't come true

This place is so full of darkness

It's hard to look at

And I don't know what to do

I always come back to you

And I wish I was so much stronger

Facing forwards

A cynic's words

Try to sway

Working towards a distant day

When you see the lie in front of you

It just takes time before it seems like truth

Believe the light inside of you

The world will dim it so it won't come true
