

When I First Kissed You

Extreme

New York City can be so pretty, from a bird's eye view
Because up there, yeah that's where I first kissed you
A modern day romance, a perfect performance
Acting like two fools, saying silly things
Whisper sweet nothings, like young lovers only do
I was shaking, you were breathtaking like the Empire State
My voice was so far, not quite Sinatra
Singing songs so great, the clock struck one
The night still very young, in the city that never sleeps
Then a whirlwind blew when I first kissed you
Nearly swept me, swept me off my feet
When I first kissed you that's when I knew, I was in love
Because up there, yeah, that's where, I first kissed you
