

Outta My System

Bow Wow

Advisory - the following lyrics contain explicit language:

Damn, I mean, I just keep thinkin' about you
I mean, I wanna move on but I cant move on
Its like you got some kinda hold on me and, man I dont know
But I'ma go ahead and talk about it, listen I'm sittin' lookin' out the window like damn
Tryna fix this situation that's at hand
You're still runnin' through my mind
When I'm knowin' that you shouldn't be
Me all on your mind and I'm knowin' that it couldn't be 'Cause you ain't called and I ain't even appalled
I still got a lotta pain, I ain't dealt wit it all
I been runnin' 'round with other chicks, I'm single and they lovin' it
I'm likin' it but I just want the one that I was in love with That's not the end of it, I'm tryna let you go
I can't get a grip of it is what I'm tryna let you know
You got a hold or some kinda control of me
I don't know what it is but I gotta get you gone from me I'm workin' at it and it ain't gettin' no better
Just tryna be like, yeah, forget it, whatever
Instead of starin' out this glass, lookin' at this bad weather
Damn, I gotta pull myself together 'cause When Im with somebody, all I think 'bout is you
When Im all alone, thats all I wanna do
I miss the smilin' faces in my Sidekick, outta town visits
All the time we spent together
Makes it hard to get you outta my system And you know what you do to me, do to me
You dont even understand, damn
And you know what you do to me, do to me
Its so hard to get you outta my system Im too attached, my heart wont let me fall back
I got it bad, thats what you can call that
And when I see you in the streets, thats the worse for me
Used to love the little things you did, thats what works for me Its too major, dont see you in my pager
Know what you doin', where you at or can I see you later?
The fellas tellin' me, Just let her go, Bow
Believe me, Im tryin', man, I just dont know how I be in all the top spots, leavin' with the hot shots
Knowin' they just want me 'cause Im in the top spot
Thats not poppin' and my brain ain't stoppin'

Thinkin' who she with or where she goin', is she club hoppin'? I never had this kind of problem in my life

This is my first time dealin' with this kind of fight

It's every night and every flight and every time you in my sight

Damn, this ain't even right 'cause when I'm with somebody, all I think 'bout is you

When I'm all alone, that's all I wanna do

I miss the smilin' faces in my Sidekick, outta town visits

All the time we spent together

Makes it hard to get you outta my system and you know what you do to me, do to me

You don't even understand, damn

And you know what you do to me, do to me

It's so hard to get you outta my system. Is it wrong for me to feel this way?

You been runnin' through my mind all day, can you feel me?

I been tryna get you off my mind

But I can't after all this time, that's what kills me. Is it wrong for me to feel this way?

You been runnin' through my mind all day, can you feel me?

I been tryna get you off my mind

But I can't after all this time and it kills me. When I'm with somebody, all I think 'bout is you

When I'm all alone, that's all I wanna do

I miss the smilin' faces in my Sidekick, outta town visits

All the time we spent together

Makes it hard to get you outta my system and you know what you do to me, do to me

You don't even understand, damn

And you know what you do to me, do to me

It's so hard to get you outta my system. I remember everything that me and you talked about

Me and you had our whole life planned out together

And if I could, I would turn back the hands of time

And correct all my mistakes that I ever did. But now I guess I gotta move on, right?

It's still hard and I still love you to this day

Peace
