Safe and Sound

The Bootleg Honeys

I wish I had something more to give you.
You've been feelin bad this time of year.
If I could I would drive out to see you.
Things are finally looking up for me this time.

Take it from me, I'd be lost without you.
I try to run away but you're runnin up on me faster.
And I, I could barely breathe, I couldn't even turn around.
I only hope I make it home safe and sound.
Safe and sound

If I had a dime for the days I've spent
Just trying to unwind, sitting on the steps,
I'd buy a star in your name like I heard on the radio.
I'd buy a brand new house where we can go.

Take it from me, I'd be lost without you.
I try to run away but you're runnin up on me faster.
And I, I could barely breathe, I couldn't even turn around.
I only hope I make it home safe and sound.
Safe and sound

If I had one wish I would give it up
To be standing here just like this on the rooftop.
But it's so hard to look down when I see your face.
There's no more time to spend, no time to waste.

Take it from me, I'd be lost without you.
I try to run away but you're runnin up on me faster.
And I, I could barely breathe, I couldn't even turn around.
I only hope I make it home safe and sound.
Safe and sound
Safe and sound
Safe and sound
