Love Stealer

HELLO

If she's got her eye on you - there's no escapeShe keeps her motives strictly - under her capeShe shows no mercy no - she plays it roughShe don't want your money - she wants your love.Better cali the cops - better call the copsBetter call the police.
Better come quick - better come quickWhile I'm in one piece.
Better bring a book - better bring a book
Better bring chargesFor attempted breaking and entering my heart.
She's a love stealer yeahRaw dealer yeahHeartbreaker - lovetaker - yeah yeah.
She'll just hang around at first - casing the jointThen she'll move in and get right to the
So keep your love locked away - don't let it showOr the love thief will rob you of more than you know.Better call the cops - better call the cops
. . .
