Balloon

Sara Haze

When it gets hard and I cannot cope
Reeling myself out on a long, thin rope
Floating away in this lightest breeze
To a wild blue flight of fantasy

My feet leave this earth so easily
Just turn around; say goodbye to me
When the smallest things start going wrong
There I am, going, going, gone

Oh no, Here I go

Hold me down; I'm a balloon
And I'll fly away
If you don't hold me down; I'm a balloon
And I wanna stay

The hand I need on my string is you
Quiet and steady and ready to
Pull me to earth when I'm losing touch
Reel myself in what I love so much

Oh no, Here I go

Hold me down; I'm a balloon
And I'll fly away
If you don't hold me down; I'm a balloon
And I'll never stay
Here on the ground; I'm a balloon
And I'll fly away
Please hold me down; down here with you
Cause I wanna stay

Hmmm
Ooo, yeahhh, ooo

Oh no, Here I Come

(I'm a, a balloon)Hold me down; I'm a balloon
And I'll fly away

Hold me down; I'm a balloon
And I'll never stay
Here on the ground; I'm a balloon
Fly away
Please hold me down; with you
Cause I wanna stay
