Don't Make Fun Of Daddy's Voice

Morrissey

Long ago when he was
Young and restless
Suddenly, daddy saw
The beckoning finger of fate
Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat
When you are young
You crave affection
And it can come
From the strangest direction
Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat
Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
No te divirtes con papi?
