

# Don't Make Fun Of Daddy's Voice

Morrissey

Long ago when he was  
Young and restless  
Suddenly, daddy saw  
The beckoning finger of fate  
Don't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throat  
When you are young  
You crave affection  
And it can come  
From the strangest direction  
Don't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throat  
Don't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throat  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?
