## Ola Kala

## I'm from Barcelona

Have you ever felt that nothing's ever going your way?

Every good thing that you find is always running away

Have you ever felt that nothing's ever going your way?

Every good thing that you find is always running awayOh, don't be afraid

Don't be afraid

'Cause everything is gonna turn to be okay

Don't be afraidHave you ever felt that nothing's ever going your way?

Every good thing that you find is always running away

Have you ever felt that nothing's ever going your way?

Every good thing that you find is always running awayOh, don't be afraid

Don't be afraid

'Cause everything is gonna turn to be okay

Don't be afraid'Cause everything is gonna turn to be okay

Yes, everything is gonna turn to be okay

Everything is gonna turn to be okay

Don't be afraid'Cause everything is gonna turn to be okay
