

# Truth Fragile

## Pay money To my Pain

Rise and fall the truth is behind  
Make no choice for life or death  
Shadows and fear they give me the reason  
You might forget the forest is coldChase the line  
Maybe a mistake  
Choose your truth  
It's fragileMakes no sense  
Unstable  
That's the fact  
Not a choice  
Ask myself to live alone  
I smell blood behind the door  
Never escape these eyes are wise  
Keep me up to cut my skinI walk this path  
Face up to my past, where's it go  
I'll tell you the truth  
Before I lose my controlShow me the way  
I don't know which way I should go  
Fall down again  
But this time I'm not the only oneWhich way, do you trust?  
Which truth, do you believe?  
Rise and fall the truth is behind  
Make no choice for life or death  
Shadows and fear they give me the reason  
You might forget the forest is coldMaking no choice to live
