

Yellow Raven

Pain of Salvation

Yellow raven sipped the air
Of thunder and of rain
Yellow raven sipped the air
Gentle eyes kissing the rain Where do you go, fantastic dreambird?
Answer to my yearning
Take me away from here Where do you go, fantastic dreambird?
Take me away somewhere
Take me away from here Oh, take me away The thunderbird began to cry
The music died away
The thunderbird began to cry
And smoke was slowly drifting by Where do you go, fantastic dreambird?
Answer to my yearning
Take me away from here Where do you go, fantastic dreambird?
Take me away somewhere
Take me away from here Yellow raven, your heart's flying
But your love is killing me
