

# Over

Kirk Franklin

It's not over  
If you've got air to breathe  
It's not over  
Don't believe everything you see  
You're a fighter  
Weapons from somewhere higher  
They light up when you're closer  
If God says it's not over  
Get up 'cause it's not over  
(Yeah get up, get up, get up)  
Get up 'cause it's not over  
(Yeah get up, get up, get up)

It's not over  
Please tell that to the weight upon my shoulder  
If joy comes in the morning how much longer  
Do I knock on Heaven's door 'cause it won't open  
Can't breathe, too broken to believe

See I know that you've been here before but  
But if you look closer  
The thing that didn't kill you made you stronger  
That's why it's not over

It's not over  
If you've got air to breathe  
It's not over  
Don't believe everything you see  
You're a fighter  
Weapons from somewhere higher  
They light up when you're closer  
If God says it's not over  
Get up 'cause it's not over  
(Yeah get up, get up, get up, get up)  
Get up 'cause it's not over  
(Yeah get up, get up, get up, get up)

Are you ready? (Are you ready?)  
You're running but you don't know where you're headed  
The prize is never greater than the lesson

The cross you carried really was your blessing  
So breathe  
Can't fight what you can't see  
(Come on)

See I know that you've been here before but  
But look see you made it  
All the nights you hated  
They just made you stronger  
That's why it's not over

There was a time I thought my chance was gone  
When the rain stopped I knew I'd make it home  
I feel better

(Hello it's not over)  
When the bags are packed and it's looking like the end  
(Hello it's not over)  
When you pray every time you pull up to the ATM  
(Hello it's not over)  
When your enemy turns out to be your best friend  
(Hello it's not over)  
Give thanks 'cause after each storm new life begins

See your job and that money  
It's just a resource  
God is your source  
And the Source wants you to know

It's not over  
If you've got air to breathe  
It's not over  
Don't believe everything you see  
You're a fighter  
Weapons from somewhere higher  
They light up when you're closer  
If God says it's not over  
Get up 'cause it's not over  
(Yeah get up, get up, get up, get up)  
Get up 'cause it's not over  
(Yeah get up, get up, get up, get up)  
Get up 'cause it's not over  
(Yeah get up, get up, get up, get up)  
Get up 'cause it's not over

(Yeah get up, get up, get up, get up)

Get up 'cause it's not over  
Get up 'cause it's not over  
Get up 'cause it's not over  
Get up 'cause it's not over
