Don't Waste My Time

Paul Hardcastle

You keep coming around knocking at the doorBut now I just won't answer
I've heard it all before.
All you did was keep me within your web of liesBut I've got a message for you
boyyou find it a big surprise.I won't lie
here's my reply - don't waste my timeNice try
goodbye - don't waste my time.
I won't lie
this is my reply - don't waste my timeNice try
goodbye - don't waste my time.Next time you gonna play your gamesThere's something you ought to know.
I've been around for a while
boyAnd I can see
see through your show.I'm not impressed by your high and mighty ways.
All you got coming are dark and lonely days.
There was a time I was willing to be your wifeBut that's all changed now
I'm starting a brand-new life.
I won't lie
here's my reply - don't waste my time
. . .You keep coming around knocking at the door
. . .
I won't lie
here's my reply - don't waste my time
. . .
Next time you gonna play your games
. . .Don't waste my time - nice try
goodbye - don't waste my time.
I won't lie
this is my reply - don't waste my timeNice try
goodbye - don't waste my time.
You keep coming around - don't waste my time.
Nice try
goodbye - don't waste my time.
All you did was keep me within your web of liesBut I've got a message for you
boy
you find it a big surprise.
