# Black Train

## The Derelicts

I'm movin' on the black train
The night it beats me down
I'm movin' on the black train
And I breathe a soundless soundRidin' on the black train
Ridin' on the black trainEvery blood in my body goes with the train
And some of it's on the floor
I'm slippin' out to any place
Although I know I've been there beforeRidin' on the black train
Ridin' on the black trainTorn up on the black train
Torn from my southern home
I left a nigger lying dead by the river
I left the Will-O-the-Wisp to roamRidin' on the black train
Ridin' on the black trainAnd I can't get better, I can't get betterRidin' on the black train
Ridin' on the black trainI'm heat on the black train
And I'm lightin' up the night
With everything I've had and everything I've done
I still can't be satisfiedI'm ridin' on the black train
I'm ridin' on the black train
