

Watch Out South Africa

Supermax

I want your car, mister
I want your brand new car
I want your job and salary
Cuz thatâ€™s what you call power

I want your manners mister
I want the books you read
I want my kids to feel as you
I want the life you live

I sure work for what I want
Why should I work in vein
I worked for you 300 years
Mister, itâ€™s getting late

Itâ€™s getting late
So, watch out South Africa
watch out South Africa
cuz here we come
here we come

I want your cool mister
I want your intellect
And when I take what I want
I want your respect,
respect,
respect

So, watch out South Africa
watch out South Africa
cuz here we come
here we come
