Misunderstood

Crematory

Take my hand and show me
A world so full of life and love
Where storm clouds are a mystery
And only blue skies are above
Suffering and questions why
No pain in a short goodbyeThe sweet smile on my lips - misunderstood
And the light in my eyes - misunderstood
All the comfort of a kiss - misunderstood
The sweet words in my mind - misunderstood - misunderstood
Take my heart and listen
A life so full of good and harmony
Where space and time - dominate
And only life is useless
No more colour in my face
Every life and love - abominateThe sweet smile on my lips - misunderstood
And the light in my eyes - misunderstood
All the comfort of a kiss - misunderstood
The sweet words in my mind - misunderstood - misunderstoodI stay behind and hope - that your life will hold
I stay behind and hope - that your life will unfoldTake your time and leave me alone
Days are gone - and your heart won't break
In this long goodbye - please don't cry
All that you will remember
When the darkness kills the shadows - kills all life
The sweet smile on my lips - misunderstood
And the light in my eyes - misunderstood
All the comfort of a kiss - misunderstood
The sweet words in my mind - misunderstood - misunderstood
