

Every Little Thing

Sarah Connor

Every little thing I take from you
Ah ah yeah
Every little thing you say or do
Adds another stone to the wall I'm building Whenever you go away from me
You go out with your friends I see
That there is something in your eyes
And it looks just like a lie Ooh didn't I give you what you want?
Didn't I give it all to you?
Why is everything you do
A little bit untrue? And every time you act wrong
I go away from you just a little more Every little thing I take from you
Every little thing you say or do
Adds another stone to the wall I'm building
It's there you know it's true Every little thing I feel inside
I don't wanna talk about my own pride
Adds another stone to the wall I'm building
And you should know it's true You can do just what you like
As long as you know deep inside
That I'm the only one for you
Don't you act just like you do Didn't I make you feel so good?
Didn't I treat you like I should?
So why is everything I know
That the way you act's not true? And every time you act wrong
I go away from you just a little more Every little thing I take from you
Every little thing you say or do
Adds another stone to the wall I'm building
It's there you know it's true Every little thing I feel inside
I don't wanna talk about my own pride
Adds another stone to the wall I'm building
And you should know it's true Yeah yeah yeah yeah yeah yeah
You should know it's true, baby
Every little thing I take from you
Every little thing you say or do
Adds another stone to the wall I'm building, baby And every time you act wrong
Ooh ooh Every little thing I take from you
Every little thing you say or do
Adds another stone to the wall I'm building
It's there you know it's true Every little thing I feel inside
I don't wanna talk about my own pride

Adds another stone to the wall I'm building
And you should know it's true Every little thing I take from you
Every little thing you say or do
Adds another stone to the wall I'm building
It's there you know it's true Every little thing I feel inside
I don't wanna talk about my own pride
Adds another stone to the wall I'm building
And you should know it's true
Adds another stone to the wall I'm building
And you should know it's true Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Oh baby I'm the only one for you baby
