

# Something In the Air

## Five

Reminisce girl, on the way that it was  
Everything that I had was yours  
Give me kiss, girl like you used to do  
I'm gonna take my time with you Make it feel like what you felt before  
Now you're back 'cause you want some more  
I can't help but feel the way I do  
And girl, I got this to say to you They're runnin' around my mind  
Got thoughts of you and me all the time  
Oh baby, you've got to let me know what I gotta do  
'Cause if you'd only tell me, maybe you could help me  
Try to understand how to get with you All the boys on the right give it up this time  
All the girls on the left give it up this time  
'Cause all the boys on the right want to check you out  
And all the girls on the left wanna show you how Now it's on girl, got the best to you  
Now I wanna take the rest of you  
I don't want to take it slow with you  
I wanna rock with you, I wanna roll If you want girl we can take a ride  
I'll be fine with you by my side  
I can't help but feel the way I do  
So I've got this to say to you They're runnin' around my mind  
Got thoughts of you and me all the time  
Oh baby, you've got to let me know what I gotta do  
'Cause if you'd only tell me, maybe you could help me  
Try to understand how to get with you All the boys on the right give it up this time  
All the girls on the left give it up this time  
'Cause all the boys on the right want to check you out  
And all the girls on the left wanna show you how Give me kisses, lay it on, rock it to the break of dawn  
I can do it nice and soft and give you everything you want  
'Cause what you need's what I got, don't forget it  
Baby I'm a-waiting right here, come and get it Kissin' necks, I'll perplex, any way you want ta flex  
We should get together just to check out if our love connects  
Tell me now are you feelin' how I'm feelin'?  
I got a freaky feelin' deep inside this could be real and check it out 'Cause if you'd only tell me, maybe you  
could help me  
Try to understand how to get with you All the boys on the right give it up this time  
All the girls on the left give it up this time  
'Cause all the boys on the right want to check you out  
And all the girls on the left wanna show you how All the boys on the right give it up this time  
All the girls on the left give it up this time

'Cause all the boys on the right want to check you out  
And all the girls on the left wanna show you how  
There's something in the air, in the air, in the air  
There's something in the air  
There's something in the air, in the air, in the air  
There's something in the air  
There's something in the air
