

Beautiful

Tapping the Vein

Please, I don't know what you're saying
It all sounds like mud to me
There's a man here
I've seen his face
He's sure I'll recognize him and he's breathing all his hate on me
He binds my wrists and he throws me down And I can't see Wake me
I hope I'm dreaming
I am beautiful
I'm beautiful
Wake me.
There must be some mistake No, I don't hear what I'm hearing
Fear you are my new best friend
Cause these wicked boys brought their pieces and their itchy fingers
And the panic crawls into my throat cause I turn my head and they're looking at me. And I can't breathe Save me
I think I'm bleeding
I am beautiful
I'm beautiful
Save me
There must be some mistake And I can't scream
I can't scream
I'm bleeding
I am beautiful
I'm beautiful
Save me
There must be some mistake
Save me
Look, I'm bleeding
I am beautiful
I'm beautiful
Save me
There must be some mistake
