

I Done Got Wise

B.B. King

I done made up my mind baby, there just got to be a change
Whoa, I made up my mind, baby, there's just got to be a change
Oh, I think you're cheatin' on me baby, oh, because you been actin' too strange
When I leave home early in the mornin', you're smilin' baby and your face is never sad
Oh, when I leave home early in the mornin', mama, your face is never sad
Yes, but when I have the day off and stay at home, oh, I do believe it makes you mad
Oh, I know you think you're smart baby and you think you're puttin' something over on me
Oh, I know you think you're smart baby and you think you're puttin' something over on me
Oh, but I done got wise to you baby and I ain't the fool that I used to be
