

# Fallen Through

[Skye Sweetnam](#)

I do what he says  
But I end up falling off the edge  
(I don't know what to do, it seems)  
To end up being true  
Seeps in underneath the door  
Sinks in and stains the floor  
(All alone, want to feel, takes so long)  
For these wounds to heal  
Tell me it's not really real  
Fallen through  
Why did I fall for you?  
Fallen for all the lies, alibis, that you said  
Left me holding on by the last thread  
Stop, stare and watch me burn  
Someday it'll be your turn  
(Can't believe I can see all the things)  
That you don't want me to see  
You threw my heart away  
That's the price that I paid  
(I know it never fair, promised me)  
You'd always be there  
But you never really cared  
Fallen through  
Why did I fall for you?  
Fallen for all the lies, alibis, that you said  
Left me holding on by the last thread
