

That's All

Young Thug

[Pre-Hook] I got me a K in this place
Baby don't play in this place
You can call me ace in this place
Ten-Thousand dollar vase in his face
Bring the racks out the safe
Go to church like Mase
Put a mask on my face,
Beat the case and buy a case and he dead[Hook] Fuck a nigga bitch, that's all
Grabbin' on my dick, that's all (grabbin')
Stuntin' with my bitch, that's all (baby)
Grindin' with my clique, that's all (aye)
My cup gotta be muddy, that's all (mud)
She tell me that she love me that's all
I wanna clean it with Lysol (fresh)
She fuckin' all my buddies that's all[Verse 1:] She fuckin' all my buddies
I might love fuckin' her
but I say can I love it?
I might catch a nigga, bitch and fuck her right I crush her
Bitch, I am a monster I know I am a lil ugly
I might pull up with all my jewelry on like Busta
Gotta unique body, my clothes get 'em from Russia
I might pull up and pimp that bitch just like a sucka
I don't give no fuck bout these shrimps I got my mustard,
Ketchup nigga
Nigga money pimpin' pimp tight, game right (check)
I might eat it, I might beat it like Mike Ikes (mm, good)
Treat that pussy tempurpedic then call it a night
She complimenting on my fly, I ain't talking no flight
And therefore I love her,
She make a nigga shine without using butter
My partner in crime she won't tell like a mother
We don't want no one other, we all want another
She know I got her we got each other,
She know Ima grip her V when I fuck her
She know Ima go overseas (C's) like a blood
Hey baby, my name Jeff and Mudd[Pre Hook + Hook]
[Verse 2] I won't hit that girl, no guacamole
I can see straight through you like a bullet
Shorty want my closet like a hood

Fuck all of my feelings, no good (fuck 'em x2)
Bitch I am a tiger no woods
I done seen more holes than Tiger Wood
When she with me she just do it
She can't fit into them jeans don't do it[Bridge 1]:
She remember me
She remember everything about me
She remember me
She remember, She remember everything
She remember me
She remember me
She do it, She do, She do[Verse 3]:
She remember I'm a young nigga
Everytime she see them raps, she want a song nigga
She know I'm in her mouth, just like some gum nigga
I might give her my all, then some nigga
I strap my fingers, then check my palm nigga
My girl gon' relax, and dressed in Toms nigga
I got a lil bitch say I am a tall nigga
You know my cup is pink, like bubble-gum nigga[Bridge 2]:
Pink, Pussy wetter than a sink (drippin')
Out here on my knees (knees)
If I can't have you your deceased
Happy as I can be
A, B, I can't C, Curiosity
In love with the opposite of me
Do you dig it?[Hook]
