

Pain and Sorrow

Joe Bonamassa

Sparkle as the tears come
They glitter as they fall
You sacrifice your love
For the wonder of it all
But I will, and you won't
And I deal, and you don't, yeah[Chorus]
Livin' on pain and sorrow
Until you find another way
Livin' on pain and sorrow
Until I find another wayWhere's your silver lining?
Where's your long lost friend?The emptiness is shining
From somewhere deep within
But I will, and you won't
And I deal, and you don't yeah[Chorus x2]No I... go on
It's your life baby
'Til you find another way
Go on... oh yeahPain and sorrow
Pain and sorrow
Pain and sorrow
Find another way
