

# Come Undone (feat. Jussie Smollett)

## Empire Cast

They calling you the Carrie and I'm your Mr. Big  
And fairytale, I'm missing some other nonsense  
    But like we say we're in a place  
        Where we don't have to follow the rules  
    We're down here in Jamaica, you locked me in the sand  
    Tonight you made me say, I'm gonna get your groove back  
        It's not to feel the feelings  
    Will always comes back to you  
    Don't make me crawl, I'd rather fall  
        To the feet of the one I love  
        So renter all  
        I'm sure we are the one  
        So don't let us come undone  
    Don't let us come undone  
    They calling me your Jigga and you my King B  
    I'll be the President, you'll be the First Lady  
        And every morning, every night  
        I'm gonna thank my lucky stars  
    We laid down at the river, we kissed and felt a breeze  
        We started loving then we heard a symphony  
        You touched me here, I touched you there  
    And nothing was touched more than our hearts  
        Don't make me crawl, I'd rather fall  
        To the feet of the one I love  
        So renter all  
        I'm sure we are the one  
        So don't let us come undone  
        Don't let us come undone  
        So don't let us come undone  
        Don't, don't, don't, don't  
        Don't let us come undone  
        Don't, don't, don't, don't  
        So don't let us come undone  
    Don't make me crawl, I'd rather fall  
        To the feet of the one I love  
        So renter all  
        I'm sure we are the one  
        So don't let us come undone  
        Don't let us come  
        Don't let us come  
        Don't let us come

Don't let us come undone  
So don't let us come undone  
Don't let us come  
Don't let us come  
Don't let us come  
Don't let us come  
Don't let us come undone
