Man Machine

Robbie Williams

Sitting in the cheap seats underneath the stars
I'm heading back to base, I'll drop you off at Mars
I'm sure I know your face, or what star you're from
I try to make conversation but I'm too far goneI'm a man machine
Drinking gasoline
Super human being
Shooting laser beamsHow you gonna leave, when your bags ain't packed?
And how you gonna shoot, when we're back to back?
How d' you tell a joke, when you can't laugh?
You know that you're the punch line
Better take a bathI'm a man machine
Drinking gasoline
A super human being
I'm a queen's dreamThe dog gives at my homework today
It's not done, it ain't done
I have heard they're not very well
In the sun'Cos I'm a man machine
I'm a queen dream
Drinking gasoline
I'm a queen's dream
YeahHelp
How you gonna live for love lyin' on your back?
And how you gonna keep it clean in a dirty mac?
How you gonna breathe, when you're lost in space?
You're dazed and amused, talking through a different face'Cos I'm man machine
Drinking gasoline
I'm a teen dream
I'm a man machine
I'm a man machine
I'm a man machine
Drinking gasoline
