Rage and Then Regret

ABC

Was it rage or regret
Or the love I was feeling
In this age whos perfect
Are you?Wasnt made to forget
This moment worth stealing
Was it rage or regret or the twoEvery morning when I wake up
Wake up dreaming then wake up dreaming
Build a temple from your fragrance
Build a chapel in your heartDo you really understand?
Do you feel the need to try?
Do you even care for me?
Do you ever wonder why?Rage and then regret
Bout as real as real can get
Rage and then regretThrough the violence the angry silence
Does our love grow strong or die?
A parachute or a pilots license
Do we fall in love or fly?Do you really understand?
Do you feel the need to cry?
Do you even care bout me?
Do you ever wonder why?Rage and then regret
Bout as real as real can get
Rage and then regretThe harder we come, the harder we fall
The harder it is to stand tall
The more that we fight, the more that we brawl
The more were alike thats all, thats allRage and then regret
Bout as real as real can get
Rage and then regretRage and then regret
Bout as real as real can get
There are things you dont forget
Anger cools to idle threats
