

Cast Your Fate

Nektar

Cast Your Fate
Nektar
Take my time
And take your too
We've got time
For both of you
Come pass away this falling day
In case that time should slip away
I can see
Truth is mine
Falling down
To the ground
HEY!
Believe me believe me
Got to get back to you some how
I believe in all that's good
Just like the blind man says I should
Come pass away this falling day
In case that time should slip away
I can see
Truth is mine
Falling down
To the ground
HEY!
Believe me believe me
Got to get back to you some how
They come and they go
The actors of life
The profits of doom
The virgins of delight
Cast your fate to the wind
Throw your mind to the sea
Take your heart in your hands
Don't wait like me
I've seen it all
The brave cavalier
The riders of night
The actors of tears
Cast your fate to the wind

Throw your mind to the sea
Take your heart in your hands
Don't wait like me
