

The Ground Beneath Her Feet

U2

All my life I worshiped her
Her golden voice, her beautys beat
How she made us feel, how she made me real
And the ground beneath her feet
And the ground beneath her feetAnd now I cant be sure of anything
Black is white and cold is heat
For what I worshiped stole my love away
It was the ground beneath her feet
It was the ground beneath her feetGo lightly down your darkened way
Go lightly underground
Ill be down there in another day
I wont rest until youre foundLet me love you true, let me rescue you
Let me lead you to where two roads meet
O come back above where theres only love
And the ground beneath her feet
And the ground beneath her feet
