

# The Ground Beneath Her Feet

U2

All my life I worshiped her  
Her golden voice, her beautys beat  
How she made us feel, how she made me real  
And the ground beneath her feet  
And the ground beneath her feet And now I cant be sure of anything  
Black is white and cold is heat  
For what I worshiped stole my love away  
It was the ground beneath her feet  
It was the ground beneath her feet Go lightly down your darkened way  
Go lightly underground  
Ill be down there in another day  
I wont rest until youre found Let me love you true, let me rescue you  
Let me lead you to where two roads meet  
O come back above where theres only love  
And the ground beneath her feet  
And the ground beneath her feet
