

God Is Love

Eleni Mandell

God is love and appreciation
Don't miss the mark
God is love and appreciation
Don't miss the markI want to feel good
I want to feel right
I want to feel the sunThe piney trees that lead you to the mountains
The stars a wonder in the night
The ocean deep, filled with life
Birds in the sky, mysteryGod is love and appreciation
Don't miss the mark
God is love and appreciation
Don't miss the markThe crooked tower of the man
Who walks down the hall
Naked in the morning hours
Music from today, music from our hearts
Coincidence and fateGod is love and appreciation
Don't miss the mark
God is love and appreciation
Don't miss the markDon't miss the mark
Don't miss the mark
