

# Rhymes Like Weight

## Curren\$y

Uh, smoke one for the mule they arrested her  
But they didn't search the Celica  
Unpaid traffic tickets, bitch slipin'  
Almost got popped with the audio dope shipment  
Off the radar really but I'm still living  
Stash it, spin it, candy paint it  
Brush aluminium rimmin', sport center game givin'  
Court Vision, I can lend it if you got enough money to rent it  
Prize fighter, Sugar Ray Leonard  
I knew it was my night before the sun went down my nigga  
Not a sound, we in here  
Haters found dismembered in a cloud of killah  
Sticky weed, blood on the leaves, provoke me  
I wrote these in the back of that ghostly

And them haters throwin' shade like Oakland I push rhymes like weight, I push rhymes like weight nigga  
I push rhymes like weight, I push rhymes like weight Spaceship sedans on airbags, slammed at the airport when I  
land

Things you get when they say that you the man  
With a wave of a hand, find yourself in quick sand  
Now I'm on whole 'nother, pour me a double  
Grandma Yay right away the troubles  
Reminiscent the days I struggled, wondered  
If I, ever get up from under  
I hustled, loved it, now I'm stuntin' on those  
Who said that I'll never be nothin'  
Now they see me comin', miles away from 'em  
Shine from above 'em, enlightened 'em  
You can say I soned them, stunned 'em  
Run up and then we out gunned 'em  
Fire power, smokin' flowers  
Time is money, Rolex diamonds on my hours  
Looking for another check we can devour I push rhymes like weight, push rhymes like weight  
I push rhymes like weight, push rhymes like weight (Nigga)  
I push rhymes like weight, push rhymes like weight  
I push rhymes like weight, push rhymes like weight (Nigga)
