# About You

## [The Softies](#)

I thought you were nice
I'd like to tell you twice
hey I like your band
come and take my hand
we'll travel to a distant landI thought you were too cool
I feel like such a fool
well I live two hours away
I'll be back another day
maybe we could take guitars and playI don't really know you
I've heard things about you
about you
