

I Can See Clearly

Vince Viano

I thank the Lord when I wake up everyday
He saved me from a life I was living yesterday
I was dark and cold feeling all alone When he touched my soul and helped me find the way
You see
I always thought I couldn't make it on my own I never knew my heart would find a home
I thought I was blind but now I see Jesus, your forgiveness sets me free
With you I know I can make it
And now I can see clearly
Your sacrifice and the pain that you went through
Now I can see clearly
All the while I was meant to be with you
Be with You, Oh yeah, Now I know
My eyes were closed there was no place left to go
I was hopeless and my life was near the end
Then I turned around now I know my God is great
And your Spirit gave me vision once again
You see I never knew your light would shine on me
Never knew the possibility
It's You that turns the darkness into light
Everything was wrong and now it's right
With you I know I can make it
And now I can see clearly
Your sacrifice and the pain that you went through
Now I can see clearly
All the while I was meant to be with you
I can see the world so perfectly
Now I know that you are here with me Above the things so dear to me
You are all
And now I can see clearly
Your sacrifice and the pain that you went through
Now I can see clearly
All the while I was meant to be with you
