Sleeping Rough

Bernard Fanning

Let's go out tonight And make a big noise

Throw a shadow across the light

In the name of all the broken boysSo your heart's been sleeping rough

Now I know my problems don't amount to much

So come on love, won't you look my way?

Let's set aside our differences and stay and stayLet's step out and have some fun

And tell each other big lies

As long as we beat the golden ball home

Tomorrow we'll be feeling just fine, oh, yeahSo your heart's been sleeping rough

Now I know my problems don't amount to much

So come on love, won't you look my way?

Let's set aside our differences and stay and stay You make it hard for me to believe

You make it hard for me to refuseSo enough of this misery stuff

Let's throw our shadow right across the sun

So come on darling, pour some love in my cup

In my mind you'll always be the oneSo your heart's been sleeping rough

Come on love, look my waySo your heart's been sleeping rough

Problems they don't amount to much, hey

Come on love, look my way

Set aside our differences and stay oh, come on loveSo your heart's been sleeping rough

Problems they don't amount to much

Come on love, look my way

Set aside our differences and stay oh, come on loveSo your heart's been sleeping rough

Pour some love in my cup

Come on love, look my way
