Maybe Say

Zoot Woman

Zoot Woman - Maybe Say

Can't keep your secret
The placed we've arrived
I?m afraid to face.
Helpless...
And underneath words meaning still remain!

I?m a fool and an Angel telling lies.

Chorus:
Still I can't let this go,
Or start to...
Maybe say.
That I won?t let you go
We sure could...
Maybe say.

Wasted...
Looking for eternal past.
If you won't be taken,
I won?t try.

Chorus:

Maybe say?
