Straight To...Number One

Queer As Folk: the First Season

Ten, kiss me on the lips
Nine, run your fingers through my hair
Eight, touch me, slowly (slowly)
Seven, hold it
Let's go straight to number one
(number one, to number one)

Six, lips
Five, fingers
Four, play
Three, to number one
(to number one, number one, to number one)

Kiss me on the lips
Run your fingers through my hair
Touch me
Lets go straight to number one
(to number one, number one)
Slowly (to number one)

Touch And Go
To number one
