

So Impossible

Keyshia Cole

It ended how it ended
I'm not really trippin'
I won't pay attention To the lies you had given
Wasn't really in it
The way that you should have been And I guess you know I so moved on
Once again took a chance to try
But my heart's still beating for love Save my heart
My heart just wouldn't let me walk away
(And I knew)
And I knew if you didn't leave I would have stayed Every day
I couldn't keep pretending everything was okay
(No more hurt)
I don't wish no hurt the way that you hurt me There ain't no easy way to let it slip away
But it was a bitter sweet goodbye
'Cause honestly, baby, everything was wrong
But you were too caught up to ever notice on your own I need you, now, love me
So that I could leave
I did things to make you change your mind
About me We were no good for each other
Just thinking how I change things
'Cause me leaving you was so impossible It is what it is
We're just not meant to be
I'm not meant for you
And you're not meant for me No, ain't no need for us to deny
What we have is so gone
'Cause my heart's still beating for love Save my heart
See, my heart just wouldn't let me walk away
(And I knew)
'Cause I knew if you didn't leave I would have stayed Every day
I couldn't keep pretending everything was okay
(No more hurt)
I still don't wish no hurt the way that you hurt me There ain't no easy way to watch him slip away, girl
'Cause it's like a bitter sweet, I know
But honestly, yeah, look at me, see it's all right
You just don't be too caught up to take a notice of your own I need you, now, love me
So that I could leave
I did things to make you change your mind
About me We were no good for each other
Just thinking how I change things

'Cause me leaving you was so impossible
So impossible But I wouldn't let it, let the impossible
Hold me back from moving on with my life
Although it was so hard for me
To just leave you alone It ended how it ended
I'm not really trippin'
I won't pay attention
My heart's still beating So, there is no way there could ever be us again
I gave you, I gave you, I gave you way too much of me
And it's time I see that it wasn't meant for me
But It is so impossible, yeah
