

# Crazy

## Eternal

By: BeBe Winans

What they say

They say I'm crazy when it comes to you

(No words they say)

(No words I know can keep me away from your love)

(They say I'm crazy)

This is why

They see me walking down this lonely avenue

They see me talking when I'm the only one in view

(They say I'm crazy)

Well I'm not crazy

(Maybe a little crazy)

When it comes to you

I hear them whisper

Turn to me, she's lost her mind

And your conclusions on any reasons they can find

They say I'm crazy

Well I'm not crazy

(Maybe a little crazy)

When it comes to you

(They say I'm crazy)

Well I'm not crazy

(Maybe a little crazy)

When it comes to you, you

(When it comes to you)

All love is just a waste of time

(When it comes to you)

There is nothing more on my mind

(When it comes to you)

I'm just in love

(I'm just in love)

And a little (crazy)

When it comes to you

Yes I'm just crazy

When it comes to you

They've come to notice

That it's the smile I always wear

And goes unnoticed

How when I'm down he's still there

(They say I'm crazy)  
Oh, but I'm not crazy  
(Maybe a little crazy)  
When it comes to you  
(When it comes to you)  
All love is just a waste of time  
(When it comes to you)  
There's nothing more on my mind  
(When it comes to you)  
I'm just in love  
(I'm just in love)  
I'm a little crazy when it comes to you  
(When it comes to you)  
All of my problems seem to fade  
(When it comes to you)  
All of those nights turn to day  
(When it comes to you)  
I'm just in love  
(I'm just in love)  
I'm a little crazy when it comes to you  
Yes I'm a little crazy, hey, when it comes to you, you, yeah  
(No matter what they say)  
(No words I know can keep me away from your love)  
They say I'm crazy when it comes to you  
(Say I'm crazy)  
But I'm not crazy  
(Maybe a little crazy)  
When it comes to you  
(Say I'm crazy)  
Well I'm not crazy  
(Maybe a little crazy)  
Hey, when it comes to you  
(Crazy) when it comes to you  
(ad lib to fade)
