

Hold on for Me

Marc Cohn

Save a place at the table
Cause that is where I want to be
I just hope that you're still able
to hold on for me I see a light in the window
I see you moving in the glow..(in the glow)
I want to walk right up that staircase
Turn that light down low
Turn that light down low Hold on for my love
Cause its coming right on up
Baby you just wait and see
In the middle of the night
with the covers tucked in tight
I hope that you can hold on for me I dream that I saw my destination
It was clear as clear can be
You were standing at the station
Saying "Hold on for me!"
down that the station Hold on for me Hold for my love
Cause its coming right up
Baby you just wait and see
In the middle of the night
With the covers tucked in tight
I hope that you can count on me I'm not talking about passions
No it's so much more than that
I need your lovin', your mercy
And thats where it's at
(oh yeah!) So leave a light on in the window
Leave the ribbons in your hair
Leave the worries until tomorrow
I will be there!
I will be there! Hold on for my love
Cause its coming right up
Baby you just wait and see
In the middle of the night
With the covers tucked in tight Hold on for my love
Cause its coming right up
Baby you just wait and see
In the middle of the night
With the covers tucked in tight Well I hope that you can hold on
I hope that you can hold on for me Hold on for me

Hold on for me...
