A Hope In Hell

Glamour of the Kill

I hide in the shadows
I'm afraid of the light
and the day cannot disguise
(Cannot disguise)
There must be something
There must be something more
And i feel it come alive when.I hear her call my name
I hear her call my name
WOAH OHH
WOAH OHH
I hear her call my name
I hear her call my nameOne thing left to fear
Can't you save me?
Won't you save me from the dark.We fight our fears as we parted blackened skies
As the rays of hope shone down on us
God only knows we tried
(God knows we tried)
There must be something
There must be something
And i know i will survive whenI hear her call my name
I hear her call my name
WOAH OHH
WOAH OHH
I hear her call my name
I hear her call my nameOne thing left to fear
Can't you save me?
Won't you save me from the dark.
One thing left to fear
Can't you save me?
Won't you save me from the dark.I hear her call my name
I hear her call my name
WOAH OHH
WOAH OHHOne thing left to fear
Can't you save me?
Won't you save me from the dark.
One thing left to fear
Can't you save me?
Won't you save me from the dark.
