

Squash Squash

Blood Orange

You chose to fade away with him
I chose to try and let you in
You chose to fade away with him
I chose to try and let you in Making life just feel fine
Dreaming of a life of staying in You chose to fade away with him
I chose to try and let you in
You chose to fade away with him
I chose to try and let you in Begging, begging for your everything
But everything is something
Something that is true
Begging, begging for your everything
But everything is something
Something that is true, true You chose to fade away with him
I chose to try and let you in
You chose to fade away with him
I chose to try and let you in Silence on my estate
