Nervous

The Neighbourhood

Maybe I shouldn't try to be perfect
I confess, I'm obsessed with the surface
In the end,
if I fall or if I get it all I just hope that it's worth it
Last year I fell flat on my face
And last month I knew somethin' should change
Last week I started over again
Ask me and I'll tell you how I've been
Mhm, don't get me startedYou got me nervous to speak
So I just won't say anything at all
I've got an urge to release
And you can tell me to hold on
You got me nervous to move
So I just won't give anything to you
You got me turning all around to be who you need me to
Should I be quiet?
Come on, be silent
You know I'm tryin'
So don't say nothin'
Tell me you trust me and
Kiss me and hug me and
I'll do anything for you
You just gotta love me
I got an itch in my throat
I don't know which way to go
I keep on switchin', I know
I need a different approach
It's all because I wanna
Show you that I'm so capable
You got me nervous to speak
So I just won't say anything at all
I've got an urge to release
And you can tell me to hold on
You got me nervous to move
So I just won't give anything to you
You got me turning all around to be who you need me toHush, baby, don't you say another word
Hush, baby, don't you say another word, be quiet
Hush, baby, don't you say another word
Hush, baby, when you do, I'll just give upCome on baby, don't you hurt me anymore

I'm not the same way that I was before
I got goosebumps all over me
When you're around, hard for me to breathe
Come on baby, don't you do that anymore
It's not like the days, the nights feel so short
I'm nervous, give me a sign
Tell me that I'm not fineYou got me nervous to speak
So I just won't say anything at all
I've got an urge to release
And you can tell me to hold on
You got me nervous to move
So I just won't give anything to you
You got me turning all around to be who you need me toHush, baby, don't you say another word
Hush, baby, don't you say another word
Be quiet
Hush, baby, don't you say another word
Hush, baby, when you do I just get hurt
