Audrye Sessions

(short version of strummer/jones)You have the right not to be killed
Murder is a crime
Unless it is done by a policemanChorus
Know your rights, know your rights
Know your rights, know your rights
Know your rights, know your rightsYou have the right to party
Provided you don't mind some
Investigation, humiliationChorusYou have the right to free speech
As long as you ain't dumb enough to try itChorusThese are your rightsKnow your rights (repeat to end)Transcribed by alison cummings
