Hey Catrine

Lifetime

Hey Catrine, I know it's true when I'm sitting in my room.
But sometimes knowing is not enough, when time is what we've lost.Hey Catrine, I know your there and sitting left and over
Hey sometimes knowing is not enough, when time is what we've lost.Shut up you know the world collapsed and never been so bad
Shut up you know the world collapsed I kept it together forHey Catrine, I know it's true when I'm sitting in my room.
But sometimes knowing is not enough, when time is what we've lost.So...Shut up you know the world collapsed and never been so bad
Shut up you know the world collapsed I kept it together for youShut up shut up you know the whole world is you
Shut up you know the world collapsed I kept it together for you
