

Attack Me With Your Love

Cameo

Attack me with your love, baby
Hey
When you walk, when you pass me by
There's three things that come immediately to mind
One is I'd like to have you, two is I love your face
The third one is irrelevant 'cause there's no time or place
Attack me with your love, attack me with your love, baby
Attack me with your love
Attack me with your love, bushwhack me with your love, baby
And I'll do all the things you want me to
Excite me with your love, entice me with your love, baby
Come slap me with your love, I'm happy with your love, baby
I think you need to know the deal about just how I really feel
'Cause intentionally I'm for real and I'm sure I'll make you feel
That I'm a mean man and I'm a go-getter
Hey, baby, baby
Late at night when the evening comes
I, I sit down to check my options, there are none
First thing I think about is your lovely smile
And all the things that drive me wild
Got a little lady drivin' me crazy
What am I gonna do
Got a little lady drivin' me crazy
What am I gonna do if I can't have you
Attack me with your love, attack me with your love, baby
Attack me with your love, bushwhack me with your love, baby
And I'll do all the things you want me to
Excite me with your love, entice me with your love, baby
Come slap me with your love, I'm happy with your love, baby
Hey, pretty lady, lady
There's no defense against your love
I wanna show you how I feel, hey, baby
Wow, baby
The night is young, here take this glass
We'll toast to happiness and a love that'll ever last
Of all the loves I've had before
No one can compare, to me you're so much more
If you just let me do what I wanna do to you
I know I'll have you

If you can let me know what I wanna do to you
Then I'll wait for you, I'll wait for you
Attack, attack, baby
Attack, bushwhack, baby
Excite, entice, baby
Come slap me, I'm happy, baby
