Liquid Love

Above & Beyond

I wait for you, my love I ache for you, my love Call this a liquid love

Rain down on meYou should have come overYour love slips through my hands

These streets like sinking sand

Drowning in liquid love

Rain down on meI call out your name

(You should have come over)

Your love is chasing through my veins

(You should have come over)Such a foolish game

(You should have come over)

Your love's no good for me, good for me

But it makes me happyMakes me happyI wait for you, my love

I ache for you, my love

Call this a liquid love

Rain down on meI call out your name

(You should have come over)

Your love is chasing through my veins

(You should have come over)Such a foolish game

(You should have come over)

Your love's no good for me, good for me

But it makes me happy
