Body Body

Code 3

Workin' that body, body
Workin' that body, body
Workin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
They know they never could touch her
She's as hot as the sun
They can go on and try
The way she moves like a fast car
Got you turning your head
Wanna get in and drive
Ooh, baby, baby
Zoom zoom baby
Speeding like a fast car
(She moves like a fast car)
Ooh, baby baby
Zoom, zoom baby
Speeding like a fast car
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
The fliest thing I've ever seen
(Ooh)
She's got a body like a dream machine
The way she moves is like a fantasy
(Ooh)
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
I wanna know what she's ridin' on

Who shifting those gears
What's all under that hood
I wanna get in the driver seat
And turn on the lights
Handle it like I should
Ooh, baby, baby
Zoom, zoom baby
Speeding like a fast car
(She moves like a fast car)
Ooh, baby, baby
Zoom zoom baby
Speeding like a fast car
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
The fliest thing I've ever seen
(Ooh)
She's got a body like a dream machine
(Ooh)
The way she moves is like a fantasy
(Ooh)
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
Wanna ride them curves
'Cause she can handle it
Push it from zero to sixty
Wanna ride them curves
That sexy body frame
I know that she can keep up with me
Wanna ride them curves
'Cause she can handle it
Push it from zero to sixty
Wanna ride them curves
That sexy body frame
I know that she can keep up with me
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause

She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
The flyest thing I've ever seen
(Ooh)
She's got a body like a dream machine
(Ooh)
The way she moves is like a fantasy
(Ooh)
You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
