

# Body Body

## Code 3

Workin' that body, body  
Workin' that body, body  
Workin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
They know they never could touch her  
She's as hot as the sun  
They can go on and try  
The way she moves like a fast car  
Got you turning your head  
Wanna get in and drive  
Ooh, baby, baby  
Zoom zoom baby  
Speeding like a fast car  
(She moves like a fast car)  
Ooh, baby baby  
Zoom, zoom baby  
Speeding like a fast car  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
The fliest thing I've ever seen  
(Ooh)  
She's got a body like a dream machine  
The way she moves is like a fantasy  
(Ooh)  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
I wanna know what she's ridin' on

Who shifting those gears  
What's all under that hood  
I wanna get in the driver seat  
And turn on the lights  
Handle it like I should  
Ooh, baby, baby  
Zoom, zoom baby  
Speeding like a fast car  
(She moves like a fast car)  
Ooh, baby, baby  
Zoom zoom baby  
Speeding like a fast car  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
The fliest thing I've ever seen  
(Ooh)  
She's got a body like a dream machine  
(Ooh)  
The way she moves is like a fantasy  
(Ooh)  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
Wanna ride them curves  
'Cause she can handle it  
Push it from zero to sixty  
Wanna ride them curves  
That sexy body frame  
I know that she can keep up with me  
Wanna ride them curves  
'Cause she can handle it  
Push it from zero to sixty  
Wanna ride them curves  
That sexy body frame  
I know that she can keep up with me  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause

She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause  
The flyest thing I've ever seen  
(Ooh)  
She's got a body like a dream machine  
(Ooh)  
The way she moves is like a fantasy  
(Ooh)  
You gotta love the way  
She rockin' that body, body  
She movin' that body  
And when she workin' that body, body  
You gotta pause
