Bad Character

Quasimoto

Yeah, check me out, check me out
Public enemy number one
Lord Quas up on the set, word bet
Bad character you see up on the screen
I'm just sinful, viciousGuess who's the new bad character in town?
Causin' mischief in your city, hey watch out, spit that shit around
I'll smack a nigga with a brick, talkin' outta place
Like I was sniffin' paint laced, flyin' up outta space
Lord Quas, put your best through a metamorphis
Have ya' slavin' in my dungeon while I'm eatin' swordfish
So bitch wait, we watchin' pornos with Romes
We analyze for the astro-black shit
Madlib got the grass to get so we get lit
We commence to astro-travellin'
Grabbin' up skins, so we can play a game of javelinI'm labeled as a bad character
No matter what I do I'm labeled as a bad character
I'm labeled as a bad character
No matter what I do I'm labeled as a bad character
I'm labeled as a bad character, bad characterI'm always lookin' under some girl's dress
With a vest, 'cause some ducks wanna put me to rest
Now I'm a soldier in the town drinkin' Butterfly Snapple
I walk around the streets passin' out poisoned apples, oh shit he's dead
Now it's time to skip town, I know who it was
Hey yo, you dirty niggaz know how I get down
I'll stab a nigga in the chest with pitchfork from behind
And rob some rich folk for makin' my ancestors eat swine
Y'all niggaz commin' slower than guns
While I'm on the run, the directorI'm labeled as a bad character
Yo, I'm labeled as a bad character
No matter what I do I'm labeled as a bad characterI warned you folks!
I warned you sista'!
Yes I'm the new bad character
