Beautiful Smile

Conway Savage

My love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second counts
My love is like a turning wheel
It is spinning, spinning around
Sunny days and I call your name
I'd do anything just for your love
My love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second counts
My love is like a turning wheel
It is spinning, spinning around
Sunny days and I call your name
I'd do anything just for your love
Just for your love
Just for your love
And if I stumble
And if I fall
Will you help me?
Help me back on the ground
When I'm confused
And afraid of the dark
Will you hold me tight
And show me all of your love?
If I fall
My love is like a turning wheel
It is spinning, spinning around
Waking up to see your beautiful smile
I know every second counts
My love is like a turning wheel
It is spinning spinning around
Sunny days and I call your name
I'd do anything just for your love
